# THE BEST CHEESE COMPANION

## WHERE PLEASURE LIVES FOR A GOOD REASON

In the very western part of Austria, in the beautiful region of the Bregenzerwald, our culinary story begins. In 1999, two top restaurateurs set out to find the best that nature offers. And furore is the delicious result. In our small factory, we develop and produce delicious spreads – the perfect companion to cheese.

Cheese loves our companions, if hard or soft, blue or red washed, it has always been important to us to create something that simply accompanies, rather than overpowers, their inherent flavors. We create the perfect pairing between cheese and fruit.

Only the best ingredients will be carefully filled in glasses. And the assembly of these ingredients takes you on a journey in a world of lush pastures, spicy cheese, plumb berries, and fragrant herbs.

furore offers a wide range of classic fruity – and new organic spreads.

## THE ORGANIC CHEESE COMPANION

### FRUITY AND SPICY SPREADS

Picked for your pleasure. We have taken the best organic berries and organic fruits we could find and carefully filled them in glasses. The result: absolutely beautiful. And better still: so good.

Choose from six exquisite flavors – fruity and spicy creations that go perfectly with organic cheese.

furore organic fruity spreads are available in the 120g jar.
